WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that the reduction of public health and environmental hazards on existing commercial and industrial sites is vital to their use and reuse as sources of employment, housing, recreation, and open space areas, and that the reuse of industrial land is an important component of sound land use policy for productive urban purposes which will help prevent the premature development of farmland, open space areas, and natural areas, and reduce public costs for installing new water, sewer, and highway infrastructure; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that the abandonment or underuse of brownfield sites also results in the inefficient use of public facilities and services, as well as land and other natural resources, extends conditions of blight in local communities, and contributes to concerns about environmental equity and the distribution of environmental risks across population groups; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that incentives should be put in place to encourage responsible persons to voluntarily develop and implement cleanup plans without the use of taxpayer funds or the need for enforcement actions by state and local governments; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that environmental and public health hazards cannot be eliminated without clear, predictable remediation standards that provide for the protection of the environment and public health; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that site rehabilitation should be based on the actual risk that contamination may pose to the environment and public health, taking into account current and future land and water use and the degree to which contamination may spread and place the public or the environment at risk; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that according to the statistical proximity study contained in the final report of the Environmental Equity and Justice Commission, minority and low-income communities are disproportionately impacted by targeted environmentally hazardous sites, and that results indicate the need for the health and risk exposure assessments of minority and poverty populations around environmentally hazardous sites, and that redevelopment of hazardous sites should address questions relating to environmental and health consequences; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that environmental justice considerations should be inherent in meaningful public participation elements of a brownfields redevelopment program; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that the existence of brownfields within a community may contribute to, or may be a symptom of, overall community decline, including issues of human disease and illness, crime, educational and employment opportunities, and infrastructure decay, and that the environment is an important element of quality of life in any community, along with economic opportunity, educational achievement, access to health care, housing quality and availability, provision of governmental services, and

other socioeconomic factors, and that brownfields redevelopment, properly done, can be a significant element in community revitalization; and

WHEREAS, the Legislature of the State of Florida has found and determined, and the City Council of the City of Orlando, Florida, hereby finds and determines that cooperation among federal, state, and local agencies, local community development organizations, and current owners and prospective purchasers of brownfield sites is required to accomplish timely cleanup activities and the redevelopment or reuse of brownfield sites; and

WHEREAS, the Legislature and Governor of the State of Florida have enacted the Brownfields Redevelopment Act (the "Act"), found at sections 376.77 through 376.86, Florida Statutes, for the purpose of designating and assisting with the remediation and redevelopment of brownfield sites and brownfield areas and in accordance with said Act the City Council of the City of Orlando, Florida, hereby finds and determines that the designation of certain land within the jurisdictional boundaries of the City of Orlando, Florida, as more particularly described herein, is in the best interest of the public health, safety, welfare, and morals; and

WHEREAS, the City Council of the City of Orlando, Florida, hereby finds and determines that the redevelopment of the area described herein may be complicated by actual environmental contamination; and

103 WHEREAS, in accordance with the Act the City Council of the City of Orlando, Florida, 104 hereby finds and determines that the area described herein warrants economic development and 105 has a reasonable potential for such activities; and 106 107 WHEREAS, in accordance with the Act the City Council of the City of Orlando, Florida, 108 hereby finds and determines that the area described herein represents a reasonably focused 109 approach and is not overly large in geographic coverage; and 110 111 WHEREAS, in accordance with the Act the City Council of the City of Orlando, Florida, 112 has considered and hereby finds and determines that the area described herein has potential to 113 interest the private sector in participating in rehabilitation and that the area does not contain sites, 114 or parts thereof, suitable for limited recreational open space, cultural, or historical preservation 115 purposes; and 116 117 WHEREAS, in accordance with the Act the City Council of the City of Orlando, Florida, 118 hereby finds and determines that Orlando City Hall is a location reasonably proximate to the area 119 described herein and provides a fair and convenient venue for public input; and 120 121 WHEREAS, having adhered to the procedures set forth in section 166.041, Florida 122 Statutes, and having provided notice and opportunities to be heard in accordance with section 123 376.80(1), 376.80(2)(a), and section 166.041(3)(c)2, Florida Statutes, and having satisfied all 124 other requirements of law;

126	NOW, THEREFORE, IT IS RESOLVED BY THE CITY COUNCIL OF THE		
127	CITY OF ORLANDO, FLORIDA, AS FOLLOWS:		
128			
129	SECTION 1. DESIGNATION. The area depicted in Exhibit "A", attached hereto and		
130	incorporated herein by this reference, is hereby designated as an "Orlando Economic		
131	Enhancement District" and as a "Brownfield area" in accordance with the provisions of the State		
132	of Florida Brownfields Redevelopment Act, sections 376.77 through 376.86, Florida Statutes.		
133			
134	SECTION 2. NOTICE TO FDEP. In accordance with section 376.80(1), Florida		
135	Statutes, City staff of the Business Development Division of the Economic Development		
136	Department is hereby authorized and directed to notify the State of Florida Department of		
137	Environmental Protection of this Council's decision to designate the "Brownfield area" as		
138	described herein, and shall include a true, accurate, and fully executed copy of this resolution		
139	with said notice.		
140			
141	<b>SECTION 3. SEVERABILITY.</b> If any provision of this resolution or its application to		
142	any person or circumstance is held invalid, the invalidity does not affect other provisions or		
143	applications of this ordinance which can be given effect without the invalid provision or		
144	application, and to this end the provisions of this ordinance are severable.		
145			
146	SECTION 4. EFFECTIVE DATE. This resolution shall take effect immediately upon		
147	final passage.
