Figure 1 consists of two Western blot panels, A and B, showing protein levels in H1299 cells. Panel A shows HIF-1α protein levels, and Panel B shows HIF-1β protein levels. Both panels compare cells treated with 21% O₂ (control) and 100% O₂ (hypoxia). In both panels, the 100% O₂ treatment results in a significant increase in protein levels compared to the 21% O₂ control, as indicated by the densitometric analysis.

Majority is Orlando Wedding Vendors just having a relaxing day after a busy wedding season. Typically been at our house but Native offered to host it this year as long as we got the permits for the street since the patio is to small to keep the fun out door feel. From 4pm to 8pm there will be bbq type games and activites with a dj. At 8pm the street can be reopened and remaining guests will be asked to go inside the venue. Drinks will only be served inside however would like to allow the guests to drink in the baricaded area.</p> <p>Details: Aerials No</p> <p>Details: Aerials Type noneq</p> <p>Details: Alcohol Served Yes</p> <p>Details: Alcohol Type Beer, Wine & Liquor</p> <p>Details: City Park No</p> <p>Details: City Park Facility</p> <p>Details: Clean-up street/sidewalk We will supply garbage cans and do all clean up.</p> <p>Details: Clean-up Trash We will supply garbage cans and do all clean up</p> <p>Details: Closure Yes</p> <p>Details: Street Closure 100-150 ' of closure of church street directly in front of 27 W, Church St (Native)</p>	<p>X Closures: For Profit \$ 350.00</p> <p>X Processing Fee: 101 - 500 (alcohol) \$ 200.00</p> <p>total fees \$ 550.00</p> <p>There have been no payments.</p> <p>amount due \$ 550.00</p> <p><i>e-31 10/16</i></p>
