

Cost Estimates

Ron Scarpa - Barefoot Brothers Construction Company \$55,000

Description of all Proposed Improvements

1. Replace current wall cladding with smooth stucco walls
2. Construction of a 70% open air patio with smooth stucco wall as an extension of the East End Market building
3. Install decorative wrought iron in large window spaces of patio
4. Install decorative canvas awnings above all open window spaces on the East and South sides of the building, with signage* stenciled on the South side awning
5. Install decorative wrought iron gates in front door openings
6. Install planters to include herbs and permanent olive trees by entrance and under window openings
7. Outside paint or stain color to either match or complement the larger East End Market building

* See attached logo for signage
