The City may also exercise any one or more of the actions contained in 24 CFR §85.43(a)(1-5). All remedies shall be deemed cumulative and, to the extent permitted by law, the election of one or more remedies shall not be construed as a waiver of any other remedy the City may have available to it.

* The FY 2014 Consolidated Appropriations Act changed the definition of extremely low-income to be the greater of 30/50ths ( 60 percent) of the Section 8 very low-income limit or the poverty guideline as established by the Department of Health and Human Services (HHS), provided that this amount is not greater than the Section $850 \%$ very low-income limit. Consequently, the extremely low ( $30 \%$ ) income limits may equal the very low ( $50 \%$ ) income limits.

\section*{AFFIDAVIT \\ Federal Funding Accountability and Transparency Act (FFATA )}

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

The FFATA Subaward Reporting System (FSRS) is the reporting tool Federal prime awardees (i.e. prime contractors and prime grants recipients) use to capture and report subaward and executive compensation data regarding their first-tier subawards to meet the FFATA reporting requirements. Prime contract awardees will report against sub-contracts awarded and prime grant awardees will report against sub-grants awarded. The sub-award information entered in FSRS will then be displayed on www.USASpending.gov associated with the prime award furthering Federal spending transparency.

The Transparency Act requires information disclosure concerning entities receiving Federal financial assistance through Federal awards such as Federal contracts, sub-contracts, grants, and sub-grants.

Specifically, the Transparency Act's section 2(b)(1) requires the City to provide the following information about each Federal award:
- Name of the entity receiving the award;
- Amount of the award;
- Information on the award including transaction type,
- Location of the entity receiving the award and primary location of performance under the award;
- Unique identifier of the entity receiving the award and the parent entity of the recipient;
- Names and total compensation of the five most highly compensated officers of the entity if the entity In the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \(\$ 25,000,000\) or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.

I, \(\qquad\) (print name), hereby swear or affirm that:

I read and understand the information provided above.
I have personal knowledge of the facts I am attesting to in this affidavit.
