

The Orlando Health PD Planning area extends from Gore Street to Kaley Street; Orange Avenue to Interstate 4. The planning area is in recognition of the fact that properties within this larger area of the City affect the Orlando Health operation, and that Orlando Health may add or remove property within the area as the needs of the core Campus evolve. The planning area is therefore designated and used within the text of the PD for specific planning instruments and in acknowledgement of the benefit of coordinated planning concepts.
