12. JUSTIFICATION: Document justification for request. Include anticipated economies or efficiencies to be realized by the City, including reductions in personnel or actual cost (cash flow) reductions to be realized in your budget. This project is part of the overall Southeast Lakes Improvements project. The project will divert stormwater away from the low areas of Florida Street, Delaney Park Drive, and Woodlawn Boulevard between Osceola Ave. and S. Summerlin Ave., thus reducing the potential for flooding. In addition, these improvements will also result in safer driving conditions on streets in the neighborhood during severe storms, and diversion of stormwater runoff from the street surface into a closed conveyance system will help to extend the life of the brick street surfaces in this area.
