Character Ed: Preparation for Life

Our overriding purpose is to prepare students for success in life. Too many schools fall into the trap of teaching kids to be good at school. School is not an end in itself. School should be a place where kids develop character and begin to connect with a fulfilling personal destiny.

EVERY STUDENT IS UNIQUE

IN A NUTSHELL

We believe that each student is gifted with a unique potential and our job as educators is to help students discover their interests and talents, find their passions and pursue their potential

We implement a system of “restorative discipline” which includes as part of the disciplinary system a process by which students accept responsibility for their actions and “give back” to the community when their actions damage the community

THE FUTURE

Expand our capacity to 500 students
Become a laboratory school for this
method of character-based education
