

# CITY OF ORLANDO

---

## MEMORANDUM

**To:** David Billingsley, Chief Procurement Officer

**From:** Rosa Akhtarkhavari, Chief Information Officer *RA*

**Date:** June 23, 2016

**Subject:** Cisco Security Segmentation Professional Services Project

Technology Management (TM) is requesting approval to purchase Cisco professional services utilizing Florida NASPO ValuePoint Cisco/IronProt AR233 (14-19) FL#432200000-WSCA-14-ACS.

In order to improve network security, the City needs to segment the data network into several separate security segments and place access control measures between the segments. As this has global impact to the stability, scalability and security of the City data infrastructure, TM is requesting approval to engage Cisco Systems to lead the design of the segmentation solution as the City network is predominantly built with Cisco Systems hardware.

Please contact Rosa Akhtarkhavari with any questions or concerns at 407-246-2124.
