Dear Mr. Cochran:

I am delighted that the City of Orlando has been awarded the U.S. Conference of Mayors/USA Funds 2016 Education Pathways with a Purpose Award in the amount of \$40,000, honoring the work that we do to support college readiness and employment among Orlando youth.

Since we intend to invest the funds in our college access, youth employment and *My Brother's Keeper* Orlando programs, and since the Orlando Community & Youth Trust, Inc. (the "Trust") is a non-profit organization affiliated with the City that receives and administers many of these types of grants on our behalf, we ask that you make the check out to the Trust.

Again, thank you on behalf of the City of Orlando and its' residents for your support of this important work.

Regards,

Buddy Dyer
Mayor, City of Orlando
