12. **JUSTIFICATION:** Document justification for request. Include anticipated economies or efficiencies to be realized by the City, including reductions in personnel or actual cost (cash flow) reductions to be realized in your budget.
Hydrogen Sulfide and other noxious odors are a by-product of transporting wastewater. These fumes are being collected by the odor control systems at the preliminary treatment structure. The media is required to provide a suitable and stable environment for the odor reducing bacteria to flourish. This media has a 20 year life span as compared to organic media that has a two to five year life span.

13. **APPROVED:** David J. Bass, P.E. (Submitting Director or authorized Division Mgr **Only**)
