Total for FY 2018			\$ 649,725.00

During FY 2018, project staff proposes to contact a number of other MBE and WBE firms for quotes. Selection of these firms will depend on their response and bid. Project staff will make every effort to use as many of these firms as possible. Historically, some of these firms were not selected because they either did not respond to the request for quotes or were not the low bidder.
