Job Profile Name Planning Technician - Contract
Job Code XZG09
Include Job Code in Name No
Job Profile Summary NATURE OF WORK:

Performs paraprofessional and technical office and field work involving the collection, analysis, preparation, and illustration of data such as land use, housing and economic conditions, population density, public facilities, and community services, and related background information needed for zoning, site plan review, and other current planning activities. Employees assigned to this classification perform a variety of tasks such as compiling, tabulating, and evaluating data; preparing reports, charts and graphs; updating and maintaining land use and zoning maps utilizing manual and automated drafting and cartographic techniques; conducting field surveys and/or library research, develops surveys and prepares responses to surveys if in-house and outside agency use, and special projects as assigned.

Work is performed under general supervision, and is reviewed while in progress and upon completion through review of data/reports, direct observation, and discussions to ensure compliance with prescribed standards, practices and applicable policies, procedures, and ordinances.

MINIMUM QUALIFICATIONS:

Bachelors degree in planning, public administration or related field; or Associate's degree with major course work in urban planning, graphic design, business/public administration, or related field and two (2) years in urban planning, cartography, graphic design, research, or related experience depending on area of assignment; or an equivalent combination of education, training, and experience. A valid Florida's Driver License is required.
