NOW THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the sufficiency and receipt whereof being hereby acknowledged, the City and Grace Medical agree as follows:

SECTION 1: SCOPE OF SERVICES AND USE OF FUNDS

1. **Recitals.** The recitals set forth above are true and correct and are incorporated herein and made a part of this Agreement.
2. **CDBG National Objectives and Use/CARES Act use.** Grace Medical certifies that the activities carried out with the funds provided under this Agreement will meet the CDBG program national objective of benefiting low- and moderate- income persons as required under 24 CFR §570.200(a)(2) and 24 CFR §570.208(a)(2) and the purpose of the CARES Act to prevent, prepare for, and respond to coronavirus.

CDBG-CV assistance is intended to supplement- not supplant-other public, private, or other assistance that has already been provided for the same need or loss. The CARES Act requires HUD to ensure that there are adequate procedures in place to prevent any duplication of benefits as required by section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), as amended by section 1210 of the Disaster Recovery Platform Act of 2018 (division D of Public Law 115-254; 42 U.S.C. 5121 *et. seq.*) and all applicable Federal Register notices, including FR-6218-N-01. By executing this Agreement, Grace Medical certifies that it has not already received and will not seek, other financial assistance for the expenses covered under this Agreement. Grace Medical must also execute an affidavit, in the form attached hereto as **Exhibit "B"**, that there are adequate procedures in place to prevent duplication of benefits and that Grace Medical will update the City if they receive any assistance after the execution of this Agreement. Grace Medical acknowledges and agrees that Grace Medical must repay this CDBG-CV assistance to the City if the City determines that any assistance is duplicative for the same expense.

3. **The Grant.** Under the terms and conditions of this Agreement, the City has allocated a subaward to Grace Medical in the amount of **Three Hundred Thirty-Five Thousand Seven Hundred Seventy-Six Dollars (\$335,776.00)** in FY 2020-2021 CDBG-CV funds to be used in accordance with all requirements imposed by federal statutes, regulations, and the terms of this Agreement towards the activities necessary to provide services to prevent, prepare for, and respond to coronavirus for low- and moderate-income persons. CDBG-CV grant funds cannot be used for any other purpose. Pursuant to 2 CFR §200.332, the required Subaward information is attached as **Exhibit "C"**. Any funds remaining unexpended or not disbursed to Grace Medical by

the City as of the termination date of this Agreement may be deobligated from this Agreement and made available for other City projects as determined by the City.

4. **Statement of Work/Program and Project Description.** Grace Medical must use these CDBG-CV funds to enable them to support the salaries of key personnel, PPE, COVID tests, and vaccines and to provide the following services attached on **Exhibit “D”** to prevent, prepare for, and respond to coronavirus for approximately 400 low- and moderate-income persons, according to the CDBG income guidelines attached hereto (the “Project”). Grace Medical must only spend these CDBG-CV funds in accordance with the Budget for this Project, which is attached as **Exhibit “E”** and made a part hereof by this reference. Additional requirements for the Project are attached hereto as **Exhibit “F”** and made a part hereof by this reference.

5. **Goals and Performance Measures; Implementation Schedule.** Grace Medical agrees to work diligently towards the services described in **Exhibit “D”** and complete the Project by December 31, 2022. By April 30, 2022, at least 25% of the grant award shall have been requested and approximately one hundred (100) individuals served. By June 30, 2022 at least 50% of the grant award shall have been requested and approximately two hundred (200) individuals served. By September 30, 2022, at least 75% of the grant award shall have been requested and approximately three hundred (300) individuals served. By December 31, 2022, 100% of the grant award shall have been requested and approximately four hundred (400) individuals served. If Grace Medical fails to meet these performance benchmarks to expend the CDBG-CV funds, the City will review Grace Medical’s progress and its inability to meet these grant expenditure rates as a performance indicator and it will factor into the City’s determination of non-compliance. HUD requires the City to timely spend its CDBG-CV funds. Therefore, it is critical that Grace Medical complies with these time deadlines. Time is of the essence. Grace Medical’s failure to work diligently toward timely completing the Project and incidents of non-performance may result in conditions being placed on the grant funds, suspension of grant funds, or the City may cease disbursing funds pursuant to this Agreement, so that the City can reallocate the funds for other uses or projects.

6. **Staffing.** Grace Medical shall assign the following key personnel/staff to this Project:

Clinical Staff/Doctors/Nurse

7. **Expenditure of Funds/Budget.** Grace Medical shall use the grant proceeds for eligible expenses permitted under the CDBG-CV regulations as set forth in 24 CFR Part 570 and in accordance with the Budget attached hereto as **Exhibit “E”** made a part hereof by this reference. The City may require a more detailed budget breakdown than the Budget attached hereto, and Grace Medical shall provide such supplementary budget information in a timely fashion and in the form and content as may be prescribed by the City. The City may also require changes in line items, or approve other budgetary changes within the total award amount. Any supplementary budget information or budget changes must be approved in writing by the Housing and Community Development Manager and the Housing Director or his designee. Expenditures shall be directly attributable to the Project. Grace Medical shall be responsible for any cost overruns above the grant amount of **\$335,776.00**. Grace Medical shall not use any CDBG-CV funds for prohibited activities as set forth in 24 CFR §570.207, or CDBG-CV requirements and is also

prohibited from using these subaward funds or personnel employed in the administration of activities under this Agreement for political activities, inherently religious activities, or lobbying. If the Housing Director, in his sole discretion, determines that Grace Medical is not utilizing the grant proceeds in accordance with this Agreement, the Housing Director may reduce or otherwise alter the funding amount of the Agreement. Any of the CDBG-CV funds allocated to Grace Medical for this Project which are not expended within the term of this Agreement will be retained by the City. Grace Medical will not be reimbursed by the City for any Project costs or expenses not incurred within the term of this Agreement.

Notwithstanding anything to the contrary in this Agreement, the City reserves the right to request and approve documentation supporting any requests for reimbursement to verify the reasonableness and validity of such costs and said Budget may be modified by the City accordingly. Grace Medical acknowledges and agrees that any funds not used in accordance with permitted CDBG-CV regulations and the Budget must be repaid to the City.

8. **Performance Monitoring.** The City will monitor Grace Medical's performance as necessary and in accordance with 2 CFR §200.331-.333 to ensure Grace Medical's compliance with all of the requirements of this Agreement, including the timeframes and performance standards as required herein. Further monitoring requirements are set forth in Section 2 herein. Substandard performance as determined by the City will constitute non-compliance with this Agreement. If action to correct such substandard performance is not taken by Grace Medical within thirty (30) days after being notified by the City, the City may impose additional conditions on Grace Medical and its use of funds, suspend or terminate this Agreement, or initiate other remedies for noncompliance as appropriate under 2 CFR §200.339. Grace Medical must return any CDBG funds within 5 days of the Housing and Community Development Department Director's written request.

9. **Term.** This Agreement shall be in effect for the period commencing February 1, 2022 and terminating on December 31, 2022. Costs may not be incurred after December 31, 2022. Notwithstanding anything herein to the contrary, Grace Medical's obligations to the City shall not end until all close-out requirements are completed, including, but not limited to, such things as making final payments, disposing of program assets, and retention of records. Also, notwithstanding the foregoing, the term of this Agreement and the provisions herein shall be extended to cover any additional time period during which Grace Medical remains in control of CDBG funds or other assets, including Program Income or for any HUD audits requiring repayment of any funds unlawfully spent under this Agreement.

SECTION 2: ADMINISTRATIVE REQUIREMENTS

1. **Applicable Laws and Regulations.** The CARES Act modifies some CDBG program rules and the CDBG-CV grants are subject to the requirements of the CARES Act, the authorities and conditions imposed on fiscal year 2020 CDBG grants, and the mandatory provisions of the notice contained in Federal Register Volume 85, Page 51457, dated August 20, 2020. Except as otherwise described, any entity receiving these funds must comply with the statutory and regulatory provisions governing the CDBG program. To facilitate the use of CDBG-CV funds in accordance with grant requirements, HUD is requiring that the definitions of CDBG funds in 24 CFR §570.3 include CDBG-CV funds. This applies the requirements in 24 CFR part 570 to the use of CDBG-CV funds, except as modified by rules, waivers, and alternative requirements

applicable to CDBG-CV funds. Thus, Grace Medical shall comply with the requirements of the CDBG-CV program, including, but not limited to the CARES Act, the authorities and conditions imposed on fiscal year 2020 CDBG grants, the mandatory provisions of the notice contained in Federal Register Volume 85, Page 51457, dated August 20, 2020. Additionally, Grace Medical shall comply with any rules, waivers, and alternative requirements of Federal Register Notices applicable to CDBG-CV grants. Also, since the CDBG-CV funds are defined as CDBG funds, except as modified by the CDBG-CV rules, Grace Medical must also comply with the Housing and Community Development Act of 1974, as amended, all CDBG program requirements, 24 CFR Part 570, and other laws and regulations and regulatory guidance governing the use of these funds, whether set forth herein or not, and any and all amendments or policy revisions thereto which shall become effective during the term of this Agreement. (Since the CDBG-CV funds are defined as CDBG funds, the terms are used interchangeably herein). It is Grace Medical's responsibility to read, understand, and comply with these laws and regulations. In addition, Grace Medical shall abide by any and all other applicable federal or state laws, rules, regulations, HUD guidance and policies and technical assistance governing the funds provided under this Agreement, whether presently existing or hereafter promulgated. Grace Medical shall also comply with all other applicable federal, state or local laws, statutes, ordinances, rules and regulations including, but not limited to, all applicable provisions of the Orlando City Code.

2. **Uniform Administrative Requirements and Cost Principles.** As specified in 24 CFR §570.502 and §570.610, Grace Medical must comply with the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements set forth in 2 CFR part 200 and adopted by HUD at 2 CFR part 2400, except as modified by 24 CFR §570.502. Although 2 CFR part 200 addresses many requirements, some of the items it addresses includes, but is not limited to, standards for financial and program management, property and procurement standards, performance and financial monitoring and reporting, subrecipient monitoring and management, record retention and access, remedies for noncompliance, FFATA, and closeout. Grace Medical is aware and acknowledges that 2 CFR part 200 and 2 CFR part 2400 are recent regulatory changes to the administrative requirements and HUD is in the process of developing guidance on their specific requirements. Although this may change the administrative requirements set forth herein, Grace Medical will comply with whatever guidance HUD requires. Costs incurred must be in conformance with 2 CFR part 200, subpart E. Grace Medical also agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls, maintain necessary source documentation for all costs incurred, and submit an indirect cost allocation plan in accordance with 2 CFR 200 subpart E, if such plan is required. Grace Medical also agrees to comply with the Program Requirements set forth in **Exhibit "G"** which is attached hereto and incorporated herein by this reference.

3. **Procurement/Subcontracting/Third Party Contracts.** If Grace Medical hires contractors, Grace Medical shall procure all material, property, or services in accordance with state and local requirements and the requirements of 2 CFR §200.317-§200.327, including the procurement of Domestic preferences for procurements in § 200.322 and recovered materials (Resource Conservation and Recovery Act) in compliance with 2 CFR §200.323 regarding the use of specific products made or used with recovered materials. Grace Medical must maintain oversight to ensure that all contractors perform in accordance with the terms, conditions, and specifications of their contracts. Grace Medical must also have written standards of conduct covering conflicts of interest and governing the actions of its employees, officers, or agents engaged in the selection, award and administration of contracts supported by the CDBG grant

funds. If Grace Medical has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, it must maintain written standards of conduct covering organizational conflicts of interest.

Grace Medical shall insure that all subcontracts let in the performance of this Agreement shall be awarded on a full and open competition basis in accordance with applicable procurement requirements and secure at least three (3) price quotes or bids, as applicable. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include, but are not limited to: (1) placing unreasonable requirements on firms in order for them to qualify to do business; (2) requiring unnecessary experience and excessive bonding; (3) noncompetitive pricing practices between firms or between affiliated companies; (4) noncompetitive contracts to consultants that are on retainer contracts; (5) organizational conflicts of interest; (6) specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement; and (7) any arbitrary action in the procurement process. Grace Medical shall incorporate in any and all bid documents and contracts with third parties these same procurement requirements and the provisions required in 2 CFR §200.327 and described in Appendix II to part 200 – Contract Provisions for non-federal Entity Contracts under Federal Awards. As applicable, these provisions include, but are not limited to, provisions for violation or breach of contract terms; termination for cause and termination for convenience provisions; Equal Employment Opportunity requirements; Davis Bacon provisions; the Copeland “Anti-Kickback Act; Contract Work Hours and Safety Standards; Rights to Inventions Made under a contract or agreement; Clean Air Act and Federal Water Pollution Control Act; Debarment and Suspension; the Byrd Anti-Lobbying Amendment; procurement of recovered materials; prohibition of certain telecommunications and video surveillance services or equipment; and domestic preferences for procurements. Grace Medical shall not enter into any subcontract with any entity, agency or individual in the performance of this Agreement without the written consent and approval of the City’s Housing and Community Development Department prior to execution of the agreement or contract. Grace Medical agrees to furnish to the Housing and Community Development Department a copy of each third party contract it enters into an agreement with for the performance of work to be undertaken within the scope of this Agreement along with documentation concerning the selection process. The lowest and most responsive bidder shall be recommended by Grace Medical to the City’s Housing and Community Development Department. Grace Medical shall require and monitor compliance by all contractors, subcontractors and other third parties. Grace Medical will monitor all subcontracted services on a regular basis to assure contract compliance. Results of monitoring efforts shall be summarized in the monthly report. The City shall not be obligated or liable hereunder to any party Grace Medical enters into agreements with for the Project.

Grace Medical shall also keep records demonstrating compliance with these regulations.

4. **Records to be Maintained.** Grace Medical shall maintain all records and documentation required by 2 CFR part 200, 24 CFR § 570.506, and 24 CFR § 570.502 just as if these requirements were directly imposed on the Subrecipient, Grace Medical. The report shall include the following information: (1) name and address of each client served; (2) narrative statement of the services provided to each client; selection of any contractors, utilization of MBE/WBE’s, and (3) such other information as may be considered appropriate by the City, such as client data demonstrating client eligibility including, but not limited to, ethnicity, race, gender, age, head of household, income level, or other basis for determining eligibility. Annual reports are due by October 10, 2022 for activities conducted during the preceding year (Example: October 1, 2021 – September 30, 2022).

10. **Reversion of Assets.** The reversion of assets and use and disposition of real property and equipment under this Agreement shall be in compliance with the requirements of 24 CFR §570.502 (applicability of uniform administrative requirements), §570.503 (subrecipients), §570.504 (program income), §570.505 (recipients/grantees), and §570.200(j) (faith-based organizations), as applicable. For subrecipients, 24 CFR §570.503 requires:

1. Upon expiration of this Agreement, Grace Medical shall transfer to the City any CDBG funds or Program Income on hand at the time of expiration or termination of this Agreement and any accounts receivable attributable to the use of CDBG funds as required by 24 CFR §570.503 (b)(7); and
2. Any real property under Grace Medical’s control that was acquired or improved, in whole or in part, with CDBG funds in excess of \$25,000 must either:
 - a) Be used to meet one of the CDBG national objectives in 24 CFR §570.208 until five years after expiration of the Agreement; or

- b) if Grace Medical fails to use the property in accordance with paragraph (a) above, Grace Medical shall pay the City an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition of, or improvement to, the property. The payment is considered Program Income to the City.

Grace Medical shall also comply with the property standards in 2 CFR part 200, as modified by 24 CFR §570.502, which excepts 2 CFR §200.311 from the required property standards. Notwithstanding, faith-based organizations must comply with §570.200(j) which requires compliance with §200.311 and §5.109 including the requirements regarding disposition and change in use of real property by a faith-based organization. Disposition of real property by a faith-based organization after its use for an authorized purpose, or any change in use of the property from an authorized purpose, is subject to Government-wide regulations governing real property disposition (2 CFR part 200, subpart D) in addition to the CDBG program specific regulations. A faith-based organization seeking to dispose or change its use of such real property, during the term of this Agreement or after the term of this Agreement, must seek instructions from HUD and the City regarding its compliance responsibilities.

11. **Indirect Costs.** If applicable and requested by the City, Grace Medical shall develop an indirect cost allocation plan in accordance with 2 CFR part 200 for determining the appropriate share of administrative costs and shall submit such plan to the City for approval in a form specified by the City. This indirect cost allocation plan must be submitted before any funds will be disbursed under this Agreement.

12. **Payment Procedures/Reimbursement of Funds.** This is a cost reimbursement agreement. Reimbursement of funds under this Agreement may be requested only for necessary, reasonable, and allowable costs described in the Budget, attached hereto as **Exhibit “E”** and for which Grace Medical has made payment. Upon compliance with the terms of this Agreement, the City will reimburse funds to Grace Medical only after completion of the work and after receipt and approval by appropriate City personnel of the invoices and other supporting documentation. Invoices shall be submitted in Zoomgrants no more frequently than once a month and shall be in accordance with the Budget specifying the services performed and expenses incurred. All invoices must be accompanied by adequate billing documentation of payment for eligible expenses which are to be uploaded in Zoomgrants (i.e. personnel activity reports, pay stubs, payroll records, copies of cancelled checks, and time sheets) and other supporting documentation the City may request. Invoices shall include adequate documentation of expenditures and all other information described in **Exhibits “E - H”**, attached hereto and incorporated herein by reference. The City will not reimburse for costs inconsistent with this Agreement, federal statutes, regulations (including Cost Principles in 2 CFR part 200, subpart E) or the terms and conditions of the City’s federal award with HUD or that would otherwise result in the City charging improper, unauthorized, or otherwise unallowable costs to the City’s federal award. Failure by Grace Medical to provide invoices in a timely manner, complete and error-free, shall reflect on the administrative performance rating of Grace Medical for subsequent funding awards. It is anticipated that the City will provide payment to Grace Medical within thirty (30) days from the date of receipt of complete invoices. Invoices that are incomplete or that fail to include the necessary supporting documentation may result in delay and or possible denial of payment.

No interest shall be earned on grant proceeds. All invoices submitted in Zoomgrants must be signed by an authorized signatory of Grace Medical and certified in accordance with 2 CFR §200.415. Notwithstanding anything to the contrary in this Agreement, the City also reserves the right to request and approve documentation supporting any invoice to verify the reasonableness and validity of such costs and such Budget may be modified by the City accordingly.

Notwithstanding anything herein to the contrary, Grace Medical shall not request payment from the City under this Agreement for any portion which has been paid from another source of revenue and further agrees to utilize funds available under this Agreement to supplement rather than supplant funds otherwise available.

13. **Withholding Payments.** The City's obligation to reimburse Grace Medical is conditioned on Grace Medical's full compliance with this Agreement. A breach of this Agreement is grounds for non-payment by the City.

14. **Closeout.** Grace Medical agrees to follow all of the closeout procedures required in 24 CFR §570.502 and 2 CFR §200.344.

HUD's regulations list examples and specify types of prohibited discrimination and specific actions that are prohibited. Grace Medical must also take appropriate steps to ensure effective communication with applicants, beneficiaries, and members of the public who are handicapped and furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of the CDBG funded activity (examples include qualified sign language, oral interpreters, readers, use of tapes, Braille materials, TTD). If Grace Medical communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective communication systems must be used. Grace Medical agrees and warrants that it will establish and adopt written standards of conduct governing conflicts of interest and the performance of its officers, employees, or agents engaged in the selection, award and administration of contracts supported by these federal funds. At a minimum these safeguards must ensure that no employee, officer or agent must participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated in 2 CFR §200.318, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of Grace Medical must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. - f.) failure to disclose to the City, upon demand, the name of all persons with who Grace Medical has contracted or intends to contract with for the construction or management of any portion of the Project, including contracts for services and/or labor; or
- g.) if any other default occurs under any of the grant documents executed by Grace Medical in connection with this grant by the City (herein the “Grant Documents”) which is not elsewhere specifically addressed herein.

Notwithstanding any of the forgoing provisions to the contrary, if Grace Medical has failed to cure any default within (5) days prior to the expiration of any applicable cure period, the City may, at its sole option, cure such default, provided, however, that the City shall be under no duty or obligation to do so.

2. **Remedies for Non-compliance.** If Grace Medical commits an Event of Default or fails in any way to comply with Federal or state statutes, local laws or regulations, or the terms and conditions of this Agreement, the City may impose additional conditions as described in 2 CFR §200.208. If the City determines that noncompliance cannot be remedied by imposing additional conditions, the City may take one or more of the following actions, including but not limited to:

- (a) Temporarily withhold cash payment pending correction of the deficiency or more severe enforcement action by the City;
- (b) Disallow both use of funds and any applicable matching credit for all or part of the cost of the activity or action not in compliance;
- (c) Wholly or partly suspend or terminate the award;
- (d) Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and applicable regulations or recommend such proceedings be initiated by HUD;
- (e) Withhold further federal awards for the project or program; or
- (f) Take other remedies that may be legally available including, but not limited to litigation, declaratory judgment, specific performance, damages, injunctions, termination of the Agreement, or any other available remedies.

3. **Remedies/Suspension and Termination.** Grace Medical and the City will comply with the noncompliance and termination provisions in 2 CFR part 200, Subpart D. In addition to the remedies for non-compliance in 2 CFR § 200.339, in accordance with 2 CFR § 200.339 and .340, the City may suspend or terminate this Agreement, in whole or in part, whenever the City determines that Grace Medical has failed to comply with any terms, conditions, or requirements of this Agreement or the federal award or upon the occurrence of any Event of Default or any other breach of this Agreement, or for cause. HUD or the City can also terminate the Agreement if the award no longer effectuates the program goals or agency priorities or under any termination provisions included in the federal award. If the City terminates the Agreement, the City must provide Grace Medical a notice of termination as required in § 200.341. The City can withhold all funding and disbursements, demand repayment for amounts disbursed, terminate all payments, and/or exercise all rights and remedies available to it under the terms of this Agreement, the Grant Documents, under statutory

law, equity or under common law. If the City terminates this Agreement, Grace Medical shall also forfeit to the City all unexpended monies awarded under the Agreement. Upon termination, the City also retains the right to recover any improper expenditures from Grace Medical, and Grace Medical shall return to the City any improper expenditures no later than thirty (30) days after the date of termination.

In accordance with 2 CFR § 200.340, the City can terminate the Agreement with the consent of Grace Medical in which case Grace Medical and the City must agree upon the termination conditions, including the effective date, and in the case of partial termination, the portion to be terminated.

In accordance with 2 CFR § 200.340(a)(4), the Agreement may also be terminated by Grace Medical or the City with written notification setting forth the reason for such termination, the effective date and in the case of partial termination, the portion to be terminated. However, if the City determines in the case of partial termination that the reduced or modified portion of the award will not accomplish the purposes for which the award was made, the City may terminate the award in its entirety.

If this award is terminated or partially terminated, Grace Medical remains responsible for compliance with the closeout requirements in 2 CFR §200.344 and post-closeout requirements set forth in 2 CFR §200.345.

All remedies shall be deemed cumulative and, to the extent permitted by law, the election of one or more remedies shall not be construed as a waiver of any other remedy the City may have available to it.

4. **No Waiver.** Failure of the City to declare a default shall not constitute a waiver of any rights by the City. Furthermore, the waiver of any default by the City shall in no event be construed as a waiver of rights with respect to any other default, past or present.

SECTION 7: INDEMNIFICATION AND INSURANCE

1. **Indemnification.** Grace Medical shall defend, indemnify and hold harmless the City from and against any and all liability, claims, demands, damages, expenses, fees, fines, penalties, suits, proceedings, actions and costs of actions, including attorney's fees, whether or not suit is filed and if suit is filed, attorney fees and costs at all trial and appellate levels, of any kind and nature arising or growing out of or in any way connected with Grace Medical's performance or non-performance of this Agreement or because of or due to the existence of the Agreement itself.

2. **Environmental Indemnification.** Grace Medical shall indemnify and hold the City harmless from any claim arising from, or in any way related to, the environmental condition of the property where the Project takes place, including, but not limited to, the cost of investigating, defending, and/or negotiating to a satisfactory conclusion claims made by environmental regulatory agencies, as well as all cleanup and property maintenance requirements imposed by any agency with lawful jurisdiction over the Project. This indemnification shall run from the time of initial discovery of any such adverse environmental condition and shall not be construed to commence only upon realization by the City of an actual pecuniary loss as a result of such adverse environmental condition. The existence of this indemnification agreement shall not be construed as an indicia of ownership, management or control

of the property by the City and Grace Medical hereby recognizes and acknowledges that the City is not an owner or manager of the property and does not exert any control thereupon. Notwithstanding anything herein to the contrary, this indemnification provision shall survive the termination of this Agreement.

3. **Insurance and Bonding.** Without limiting Grace Medical's indemnification, Grace Medical shall maintain in force at all times during the performance of this Agreement all appropriate policies of insurance hereinafter described and as required by 2 CFR part 200, concerning its operations. Certificates with valid and authorized endorsements, evidencing the maintenance and renewal of such insurance coverage shall be delivered to the City prior to execution of this Agreement. The City shall be given notice in writing at least thirty (30) calendar days in advance of cancellation or modification of any policy of insurance. The City, its officers and employees shall be named as an additional named insured on all policies of liability insurance.

- a.) All policies of insurance shall be in a company or companies authorized by law to transact insurance business in the State of Florida. In addition, such policy shall provide that the coverage shall be primary for losses arising out of Grace Medical's performance of the Agreement. Neither the City nor any of its insurers shall be required to contribute to any such loss. The required certificate shall be furnished prior to execution of this Agreement.
- b.) At least thirty (30) calendar days prior to the expiration of any of the above referenced insurance policies, Grace Medical shall provide the City with evidence of the renewal of said insurance policies in a form satisfactory to the City.
- c.) The policies and insurance required by the City include:
 1. **Commercial General Liability Insurance.** Commercial general liability insurance to include, but not be limited to bodily injury and property damage coverage. The policy's limit liability amount shall not be less than Five Hundred Thousand Dollars (\$500,000) per person/per occurrence for bodily injury to, or death to one or more than one person and not less than One Hundred Thousand Dollars (\$100,000) per occurrence for property damage.
 2. **Workers' Compensation Coverage.** Workers' Compensation insurance for all of its employees in an amount and with coverage to meet all requirements of the laws of the State of Florida.
 3. **Flood Insurance.** Flood insurance as required under applicable HUD regulations.
 4. **Employee Fraud Insurance.** Sufficient insurance to protect from loss due to fraud, theft, and physical damage and shall purchase a bond or insurance covering all employees for theft or fraud.
 5. **Bonding requirements.** Bonding requirements in 2 CFR §200.326.

SECTION 8: MISCELLANEOUS PROVISIONS

1. **Assignment.** Grace Medical shall not assign or transfer any interest in this Agreement without the prior written consent of the City.
2. **No Grant of Vested Rights.** This Agreement shall not be construed as granting or assuring or vesting any land use, zoning, development approvals, permission or rights with respect to property owned by Grace Medical or anyone it assists.
3. **Independent Contractor.** Nothing in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of master/servant, principal/agent, employer/employee or joint venture partner between the City and Grace Medical. The City shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Worker's Compensation Insurance as Grace Medical is an independent contractor. Grace Medical agrees and acknowledges that it shall be responsible for and shall pay any and all applicable compensation, insurance and taxes, including but not limited to federal income taxes and Social Security on the salary of any positions funded in whole or in part with CDBG funds.
4. **Severability.** This Agreement shall be construed in accordance with the laws of the State of Florida. It is agreed by and between the parties that if any covenant, condition, provision contained in this Agreement is held to be invalid by any court of competent jurisdiction, such invalidity shall not affect the validity of any other covenants, conditions or provisions herein contained and all other parts shall nevertheless be in full force and effect.
5. **Entire Agreement/Modification.** This Agreement, together with all of the Exhibits, constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. Any representations or statements heretofore made with respect to such subject matter, whether written or verbal, are merged herein. This Agreement may only be modified in writing, signed by both of the parties hereto.

Exhibit “B”

Duplication of Benefits Affidavit for CDBG-CV Funds:

A duplication of benefits occurs when a person, household, business, government, or other entity receives financial assistance from multiple sources for the same purpose, and the total assistance received for that purpose is more than the total need for assistance. Duplication of benefits occurs when Federal financial assistance is provided to a person or entity through a program to address losses and the person or entity has received (or would receive, by acting reasonably to obtain available assistance) financial assistance for the same costs from any other source (including insurance), and the total amount received exceeds the total need for those costs.

The CARES Act requires HUD to ensure that there are adequate procedures in place to prevent any duplication of benefits as required by section 312 of the Stafford Act, as amended by section 1210 of the Disaster Recovery Reform Act of 2018 (division D of Public Law 115-254; 42 U.S.C. 5121 et seq.) and all applicable Federal Register notices, including FR-6218-N-01.

HUD requires each grantee to have procedures in place to prevent the duplication of benefits when it provides financial assistance with CDBG-CV funds. Grant funds may not be used to pay for a cost if another source of financial assistance is available to pay for the same cost.

This affidavit must be completed by any subrecipient, individual or family, business, direct beneficiary, or other entity that receives assistance and serves to document compliance with the CARES Act requirement to ensure that there are adequate procedures in place to prevent any duplication of benefits as required by section 312 of the Stafford Act, as amended by section 1210 of the Disaster Recovery Reform Act of 2018 (division D of Public Law 115-254; 42 U.S.C. 5121 et seq.) and all applicable Federal Register notices, including FR6218-N-01.

Before me, the undersigned authority, on this day personally appeared _____ who, upon first being duly sworn under penalty of perjury and penalty of violation of Federal and State laws applicable to Grace Medical’s application for and receipt of a grant or forgivable loan under the CDBG-CV program made the following statements and swore that they were true:

1. I hereby state that I am duly authorized by Grace Medical to make the certifications and declarations contained in this Affidavit on behalf of Grace Medical.

2. I hereby state, declare and certify that:

A. The Community Development Block Grant-CV Funds, awarded to the City of Orlando does not duplicate/replace any other funds, and/or any funds from the following sources:

- 1) Federal Emergency Management Agency (FEMA) funds
- 2) Small Business Administration funds
- 3) Paycheck Protection Program funds
- 4) Insurance claims/proceeds
- 5) City ESG-CV funds
- 6) County CDBG-CV funds
- 7) County ESG- CV funds
- 8) City Funds (General)
- 9) County Funds (General)
- 10) Cash Awards
- 11)Loans
- 12)Private Funding
- 13) Other Federal, State or local funding
- 14) Other nonprofit, private sector, or charitable funding
- 15) Any funding from any other source

B. Grace Medical will not use grant funds from this CDBG-CV program for any expenses already reimbursed or paid by other sources of financial assistance.

C. Grace Medical acknowledges and agrees that the City requires Grace Medical to update the above information in Section A or any potential duplication of funds from any source it receives funds. Grace Medical acknowledges and agrees that it will immediately notify the City within 5 days of the receipt of any such duplication of funds from any source.

D. Grace Medical acknowledges that the City has the right to terminate the CDBG-CV Agreement if the City finds that Grace Medical provided untruthful information or failed to update this information.

E. This executed Affidavit serves to acknowledge that Grace Medical understands and agrees that the CDBG-CV funds must be repaid to the City of Orlando if the City determines that such assistance is duplicative.

By executing this Affidavit, under penalties of perjury, Grace Medical acknowledges, understands, and declares that she/he has read the above document and the facts stated therein are true and correct and that Title 18 United States Code, Section 1001: (1) makes it a violation of federal law for a person to knowingly and willfully (a) falsify, conceal or cover up a material fact; (b) make any materially false, fictitious, or fraudulent statement or representation; or (c) make or use any false writing or document knowing it contains a materially false, fictitious, or fraudulent statement or representation, to any branch of the United States Government; and (2) requires a fine, imprisonment for not more than five (5) years, or both, which may be ruled a felony, for any violation of such Section. Also, a person who knowingly makes a false declaration is guilty of the crime of perjury by false written declaration, which is a felony of the third degree punishable as provided in Florida Statutes 775.082, 775.083, or 775.084.

2. Expenses incurred by Subrecipient will not be authorized for reimbursement by the City's Housing and Community Development Department if such expenses cannot be documented by paid receipts, invoices or other appropriate documentation and information. Furthermore, all invoices submitted by Subrecipient in Zoomgrants will not be reimbursable by the City if such expenditures were not expended directly for the provision of services and activity delivery costs to benefit low- and moderate- income persons in accordance with this Agreement.
3. Provided that invoices are complete and undisputed, the City's Housing and Community Development Department shall authorize reimbursement of approved invoices within thirty (30) days of receipt of such requests.
4. As applicable, the monthly invoice shall include:
 - a. CDBG costs to be reimbursed, shown as labor, materials, other costs, including copies of invoices, and proof of payment.
 - b. Brief description of services or activities undertaken during the month for which reimbursements are being requested.
 - c. Total cost of services.
 - d. If requesting reimbursement for salaries, Subrecipient shall provide copies of all payroll data such as personnel activity reports, employee time sheets if an hourly employee, and payroll ledgers. For any position that is fully or partially paid for by CDBG funding, the total of all work time for that position, allocated to or paid for by all funding sources, shall not exceed one-hundred percent (100%) of its total available work time for the pay period or its total annual salaries.
 - e. If requesting reimbursement for benefits, Subrecipient shall provide the backup and the list of the components that comprise the fringe benefit rate, for example health insurance, taxes, unemployment insurance, life insurance, retirement plans, and tuition reimbursement. The fringe benefits shall be directly proportional to that portion of personnel costs that are allocated for this project
 - f. If applicable, if outside contractors have done the work, submit the contractor's paid invoices for reimbursement. These should include an itemization of the work done, the total cost for labor and materials, the number of hours on the job, and the rate per hour agreed to on the project.

**EQUAL EMPLOYMENT OPPORTUNITY CLAUSE FOR SUBRECIPIENTS AND THEIR
CONTRACTORS AND SUBCONTRACTORS
STANDARD SOLICITATION FOR BID AND CONTRACT LANGUAGE**

A. Equal Opportunity Clause:

Subrecipient agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulation of the Secretary of Labor 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan insurance, or guarantee or undertaken pursuant to any Federal Program involving such grant, contract, loan insurance, or guarantee, the following equal opportunity clause:

During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
2. The contractor will, in all solicitations or advertisements for employees placed by on or behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
3. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
4. The contractor will send to each labor union or representative of workers with which the contractor has a collective bargaining agreement or other contract or understanding, a

notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
6. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
7. In the event of the contractor's noncompliance with the discrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further government contracts or Federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
8. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 504 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work; provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality, or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, government contracts and Federally assisted construction contracts, pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency of the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

SECTION 3 ECONOMIC OPPORTUNITY

SECTION 3 CLAUSE

- A. The work to be performed under this contract is on a project assisted under a program providing direct Federal financial assistance from the Department of Housing and Urban Development ("HUD") and may be subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. §1701u. The purpose of section 3 is to ensure that to the greatest extent feasible, opportunities for training and employment be given to low income residents of the Project area and contracts for work in connection with the Project be awarded to business concerns which are located in or owned in substantial part by persons residing in the area of the Project.
- B. If applicable, the parties to this contract will comply with the provisions of said Section 3 and the regulations issued pursuant thereto by the Secretary of HUD set forth in 24 CFR Part 135, and all applicable rules and orders of the Department issued there under as evidenced by the execution of this contract. The parties to this contract certify and agree that they are under no contractual agreement or other disability which would prevent them from complying with these requirements.
- C. Subrecipient will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising the said labor organization or workers' representative of his or her commitments under this Section 3 Clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship, and training positions, the qualifications for each, the name and location of the persons taking applications for each of the positions, and the anticipated date the work shall begin.
- D. Subrecipient will include this Section 3 Clause in every subcontract for work in connection with the Project and will, at the direction of the applicant for or recipient of Federal financial assistance, take appropriate action pursuant to the subcontract upon a finding that Subrecipient is in violation of the regulations issued by the Secretary of Housing and Urban Development, 24 CFR Part 75. Subrecipient will not subcontract with any agency where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR Part 75, and will not let any subcontract unless the agency has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.
- E. Subrecipient will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 25 CFR part 75 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 75.

Compliance with the provisions of Section 3, the regulations set forth in 24 CFR Part 75, and all applicable rules and orders of the Department issued there under prior to the execution of the contract shall be a condition of the Federal financial assistance provided to the Project, binding upon the applicant or recipient for such assistance, its successors and assigns. Failure to fulfill these requirements shall subject the applicant or recipient, its subrecipients, and its successors, and assigns to those sanctions specified by the CDBG Program Agreement or contract through which Federal assistance is provided, and to such sanctions as are specified by 24 CFR Part 75, which include termination of this Agreement for default and debarment and suspension from future HUD-assisted contracts.

ELECTRONIC CODE OF FEDERAL REGULATIONS

§5.109 Equal participation of faith-based organizations in HUD programs and activities.

(a) *Purpose.* Consistent with Executive Order 13279, entitled “Equal Protection of the Laws for Faith-Based and Community Organizations,” as amended by Executive Order 13559, entitled “Fundamental Principles and Policymaking Criteria for Partnerships With Faith-Based and Other Neighborhood Organizations,” and as amended by Executive Order 13831, entitled “Establishment of a White House Faith and Opportunity Initiative,” this section describes requirements for ensuring the equal participation of faith-based organizations in HUD programs and activities. These requirements apply to all HUD programs and activities, including all of HUD’s Native American Programs, except as may be otherwise noted in the respective program regulations in title 24 of the Code of Federal Regulations (CFR), or unless inconsistent with certain HUD program authorizing statutes.

(b) *Definitions.* The following definitions apply to this section:

Direct Federal financial assistance means Federal financial assistance provided when a Federal Government agency or an intermediary, as defined in this section, selects the provider and either purchases services from that provider (*i.e.*, via a contract) or awards funds to that provider to carry out an activity (*e.g.*, via grant, sub-grant, sub-award, or cooperative agreement). The recipients of sub-grants or sub-awards that receive Federal financial assistance through State-administered programs (*e.g.*, flow-through programs) are considered recipients of direct Federal financial assistance. In general, Federal financial assistance shall be treated as direct, unless it meets the definition of indirect Federal financial assistance.

Federal financial assistance means assistance that non-Federal entities receive or administer in the forms of grants, contracts, loans, loan guarantees, property, cooperative agreements, food commodities, direct appropriations, or other assistance, but does not include a tax credit, deduction, or exemption.

Indirect Federal financial assistance means Federal financial assistance provided when the choice of the provider is placed in the hands of the beneficiary, and the cost of that service is paid through a voucher, certificate, or other similar means of Government-funded payment. Federal financial assistance provided to an organization is considered indirect when the Government program through which the beneficiary receives the voucher, certificate, or other similar means of Government-funded payment is neutral toward religion meaning that it is available to providers without regard to the religious or non-religious nature of the institution and there are no program incentives that deliberately skew for or against religious or secular providers; and the organization receives the assistance as a result of a genuine, independent choice of the beneficiary.

Intermediary means an entity, including a nongovernmental organization, acting under a contract, grant, or other agreement with the Federal Government or with a State, tribal or local government that accepts Federal financial assistance and distributes that assistance to other entities that, in turn, carry out activities under HUD programs.

Religious exercise has the meaning given to the term in 42 U.S.C. 2000cc-5(7)(A).

(c) *Equal participation of faith-based organizations in HUD programs and activities.* Faith-based organizations are eligible, on the same basis as any other organization, to participate in any HUD program or activity, considering any permissible accommodations, particularly under the Religious Freedom Restoration Act. Neither the Federal Government, nor a State, tribal or local government, nor any other entity that administers any HUD program or activity, shall discriminate against an organization on the basis of the organization's religious character, affiliation, or lack thereof, or on the basis of the organization's religious exercise. For purposes of this part, to discriminate against an organization on the basis of the organization's religious exercise means to disfavor an organization, including by failing to select an organization, disqualifying an organization, or imposing any condition or selection criterion that otherwise disfavors or penalizes an organization in the selection process or has such an effect:

(1) Because of conduct that would not be considered grounds to disfavor a secular organization;

(2) Because of conduct that must or could be granted an appropriate accommodation in a manner consistent with RFRA (42 U.S.C. 2000bb through 2000bb-4) or the Religion Clauses of the First Amendment to the Constitution; or

(3) Because of the actual or suspected religious motivation of the organization's religious exercise.

(4) In addition, decisions about awards of Federal financial assistance must be free from political interference or even the appearance of such interference and must be made on the basis of merit, not based on the organization's religious character, affiliation, or lack thereof, or based on the organization's religious exercise. Notices of funding availability, grant agreements, and cooperative agreements shall include language substantially similar to that in appendix A to this subpart, where faith-based organizations are eligible for such opportunities.

(d) *Independence and identity of faith-based organizations.* (1) A faith-based organization that applies for, or participates in, a HUD program or activity supported with Federal financial assistance retains its autonomy, right of expression, religious character, authority over its governance, and independence, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs. A faith-based organization that receives Federal financial assistance from HUD does not lose the protections of law.

NOTE 1 TO PARAGRAPH (d)(1): Memorandum for All Executive Departments and Agencies, From the Attorney General, "Federal Law Protections for Religious Liberty" (Oct. 6, 2017) (describing Federal law protections for religious liberty).

(2) A faith-based organization that receives direct Federal financial assistance may use space (including a sanctuary, chapel, prayer hall, or other space) in its facilities (including a temple, synagogue, church, mosque, or other place of worship) to carry out activities under a HUD program without concealing, altering, or removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization participating in a HUD program or activity retains its authority over its internal governance, and may retain religious terms in its organization's name, select its board members and employees on the basis of their acceptance of or adherence to the religious tenets of the organization consistent with paragraph (i) of this section), and include religious references in its organization's mission statements and other governing documents.

(e) *Explicitly religious activities.* If an organization engages in explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization), the explicitly religious activities must be offered separately, in time or location, from the programs or activities supported by direct Federal financial assistance and participation must be voluntary for the beneficiaries of the programs or activities that receive direct Federal financial assistance. The use of indirect Federal financial assistance is not subject to this restriction. Nothing in this part restricts HUD's authority under applicable Federal law to fund activities, that can be directly funded by the Government consistent with the Establishment Clause of the U.S. Constitution.

(f) *Intermediary responsibilities to ensure equal participation of faith-based organizations in HUD programs.* If an intermediary—acting under a contract, grant, or other agreement with the Federal Government or with a State, tribal or local government that is administering a program supported by Federal financial assistance—is given the authority to select a nongovernmental organization to receive Federal financial assistance under a contract, grant, sub-grant, sub-award, or cooperative agreement, the intermediary must ensure that such organization complies with the requirements of this section. If the intermediary is a nongovernmental organization, it retains all other rights of a nongovernmental organization under the program's statutory and regulatory provisions.

(g) *Nondiscrimination requirements.* Any organization that receives Federal financial assistance under a HUD program or activity shall not, in providing services with such assistance or carrying out activities with such assistance, discriminate against a beneficiary or prospective beneficiary on the basis of religion, religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice. However, an organization that participates in a program funded by indirect Federal financial assistance need not modify its program or activities to accommodate a beneficiary who chooses to expend the indirect aid on the organization's program and may require attendance at all activities that are fundamental to the program.

(h) *No additional assurances from faith-based organizations.* A faith-based organization is not rendered ineligible by its religious nature to access and participate in HUD programs. Absent regulatory or statutory authority, no notice of funding availability, grant agreement, cooperative agreement, covenant, memorandum of understanding, policy, or regulation that is used by HUD or a recipient or intermediary in administering Federal financial assistance from HUD shall require otherwise eligible faith-based organizations to provide assurances or notices where they are not required of similarly situated secular organizations. All organizations that participate in HUD programs or activities, including organizations with religious character or affiliations, must carry out eligible activities in accordance with all program requirements, subject to any required or appropriate accommodation, particularly under the Religious Freedom Restoration Act, and other applicable requirements governing the conduct of HUD-funded activities, including those prohibiting the use of direct financial assistance to engage in explicitly religious activities. No notice of funding availability, grant agreement, cooperative agreement, covenant, memorandum of understanding, policy, or regulation that is used by HUD or a recipient or intermediary in administering financial assistance from HUD shall disqualify otherwise eligible faith-based organizations from participating in HUD's programs or activities because such organization is motivated or influenced by religious faith to provide such programs and activities, or because of its religious character or affiliation, or on grounds that discriminate against an organization on the basis of the organization's religious exercise, as defined in this part.

(i) *Exemption from Title VII employment discrimination requirements.* A religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, set forth in section 702(a) of the Civil Rights Act of 1964 (42 U.S.C. 2000e-1), is not forfeited when the organization participates in a HUD program. Some HUD programs, however, contain independent statutory provisions that impose certain nondiscrimination requirements on all grantees. Accordingly, grantees should consult with the appropriate HUD program office to determine the scope of applicable requirements.

(j) *Acquisition, construction, and rehabilitation of structures.* Direct Federal financial assistance may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under a HUD program or activity. Where a structure is used for both eligible and explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization), direct Federal financial assistance may not exceed the cost of the share of acquisition, construction, or rehabilitation attributable to eligible activities in accordance with the cost accounting requirements applicable to the HUD program or activity. However, acquisition, construction, or rehabilitation of sanctuaries, chapels, or other rooms that a HUD-funded faith-based organization uses as its principal place of worship, may not be paid with direct Federal financial assistance. Disposition of real property by a faith-based organization after its use for an authorized purpose, or any change in use of the property from an authorized purpose, is subject to Government-wide regulations governing real property disposition (2 CFR part 200, subpart D) and the HUD program regulations, as directed by HUD.

(k) *Commingling of Federal and State, tribal, and local funds.* If a State, tribal, or local government voluntarily contributes its own funds to supplement direct Federal financial assistance for an activity, the State, tribal or local government has the option to segregate those funds or commingle them with the direct Federal financial assistance. However, if the funds are commingled, the requirements of this section apply to all of the commingled funds. Further, if a State, tribal, or local government is required to contribute matching funds to supplement direct Federal financial assistance for an activity, the matching funds are considered commingled with the direct Federal financial assistance and, therefore, subject to the requirements of this section. Some HUD programs' requirements govern any activity assisted under those programs. Accordingly, recipients should consult with the appropriate HUD program office to determine the scope of applicable requirements.

(l) *Tax exempt organizations.* In general, HUD does not require that a recipient, including a faith-based organization, obtain tax-exempt status under section 501(c)(3) of the Internal Revenue Code to be eligible for funding under HUD programs. Many grant programs, however, do require an organization to be a nonprofit organization in order to be eligible for funding. Notices of funding availability that require organizations to have nonprofit status will specifically so indicate in the eligibility section of the notice of funding availability. In addition, if any notice of funding availability requires an organization to maintain tax-exempt status, it will expressly state the statutory authority for requiring such status. Applicants should consult with the appropriate HUD program office to determine the scope of any applicable requirements. In HUD programs in which an applicant must show that it is a nonprofit organization but this is not statutorily defined, the applicant may do so by any of the following means:

(1) Proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code;

(2) A statement from a State or other governmental taxing body or the State secretary of State certifying that—

(i) The organization is a nonprofit organization operating within the State; and

(ii) No part of its net earnings may benefit any private shareholder or individual;

(3) A certified copy of the applicant's certificate of incorporation or similar document that clearly establishes the nonprofit status of the applicant;

(4) Any item described in paragraphs (1)(1) through (3) of this section, if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate; or

(5) For an entity that holds a sincerely held religious belief that it cannot apply for a determination as an entity that is tax-exempt under section 501(c)(3) of the Internal Revenue Code, evidence sufficient to establish that the entity would otherwise qualify as a nonprofit organization under paragraphs (1)(1) through (4) of this section.

(m) *Rule of construction.* Neither HUD nor any recipient or other intermediary receiving funds under any HUD program or activity shall construe these provisions in such a way as to advantage or disadvantage faith-based organizations affiliated with historic or well-established religions or sects in comparison with other religions or sects.

Federal Funding Accountability and Transparency Act (FFATA)

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

The FFATA Subaward Reporting System (FSRS) is the reporting tool Federal prime awardees (i.e. prime contractors and prime grants recipients) use to capture and report subaward and executive compensation data regarding their first-tier subawards to meet the FFATA reporting requirements. Prime contract awardees will report against sub-contracts awarded and prime grant awardees will report against sub-grants awarded. The sub-award information entered in FSRS will then be displayed on www.USASpending.gov associated with the prime award furthering Federal spending transparency.

The Transparency Act requires information disclosure concerning entities receiving Federal financial assistance through Federal awards such as Federal contracts, sub-contracts, grants, and sub-grants.

Specifically, the Transparency Act’s section 2(b)(1) requires the City to provide the following information about each Federal award:

- Name of the entity receiving the award;
- Amount of the award;
- Information on the award including transaction type,
- Location of the entity receiving the award and primary location of performance under the award;
- Unique identifier of the entity receiving the award and the parent entity of the recipient;
- Names and total compensation of the five most highly compensated officers of the entity if the entity in the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \$25,000,000 or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.
