Fire/EMS/Special Operations and Fire Service Support Bureaus

Date: October 21, 2020

Subject: Piggyback Volusia County Government with Zoll Medical Corporation

Fire Department is requesting to piggyback Volusia County Government contract with Zoll Medical Corporation for the purchase of Cardiac Monitors, various support components, software, and warranty for said products/equipment.

Some of our current equipment has met its useful life and the other is approaching its end of life. We have conducted a study and found it to be in the City's best interest to transition the entire fleet to a more sustainable, consistency, streamline, and highest quality of equipment across the entire organization.

We have worked with your staff and have confirmed contractual pricing with Volusia County Government, and we are preparing to present this request to City Council on November 9, 2020.

This opportunity will present various equipment, components, and software for a not to exceed of \$1.5 million dollars.

If you have any questions, please contact me.

Thank you.
